

## GX-Entwicklung - GX-Bug #68395

### False quantity unit on products with properties / falsche Mengeneinheit bei Artikeln mit Eigenschaften

03/09/2021 06:17 PM - Ulrich Wenk

<b>Status:</b> Erledigt	<b>% Done:</b> 0%
<b>Priority:</b> Dringend	<b>Estimated time:</b> 0.00 hour
<b>Assignee:</b> Alexandre Ataidés	
<b>Category:</b> Frontend	
<b>Target version:</b> 4.4.0.1	
<b>Steps to reproduce:</b>	<b>Release Notes Langtext:</b> Ein Problem mit Mengeneinheiten im Frontend wurde behoben.
<b>Betroffene Versionen:</b> 4.4.0.0 beta1	

**Description**

Preconditions:

- have a product with properties ready, inside a category
- go to Catalog > Quantity Units, create an additional unit (e.g. bucket/s)

1. go to Catalog > Categories / Products > assign the new quantity unit (or an already existing one) to a product
2. activate 'Show weight' and 'show stock'
3. go to Catalog > Categories / Products, edit the category containing the product, activate 'show stock'
4. call the category in the frontend, switch to list view
5. notice the correct display of stock and quantity unit (see screenshot)
6. open the product

expected:

- the selected quantity unit is used after stock and weight

actual:

- the selected quantity unit is replaced by 'piece' / 'Stück'
